UK DCTN Themed Research Call 2024

Completed Priority Setting Partnerships

Do you have an idea for a clinical trial identified as a research priority by a skin disease priority setting partnership? Need some funding to help develop your project? Then apply for this award!!!

The UK Dermatology Clinical Trials Network (UK DCTN) invites applications for our 2024 Themed Research Call on dermatology research questions prioritised by a James Lind Alliance Priority Setting Partnership (PSP). Applications can include work related to outcome measures and pilot/feasibility work including surveys and qualitative research methods. Submissions should only be made that will inform the design of future randomised controlled clinical trials (RCTs) and not for stand-alone projects.

THREE awards of up to £10,000 are available

1. **Skin Surgery - funded by British Society of Dermatological Surgery (BSDS)**
2. **Paediatric & adolescent dermatology - funded by British Society of Paediatric & Adolescent Dermatology (BSPAD)**
3. **Other skin topics - funded by UK DCTN**

How to apply: Please use the Themed Research Call form available on our website www.ukdctn.org/ukdctn-funding-awards and view the terms and conditions to ensure your application is within remit. Send your application(s) directly to us (UK DCTN).

Closing date for applications: Monday 22 July 2024. If short-listed, applicants will be invited to present their proposals to the UK DCTN Steering Committee (with representatives from the BS DS and BSPAD) on 8 October 2024 (date tbc).

Terms and Conditions of UK DCTN Themed Call Award

The work conducted should be pilot/feasibility work or other developmental work (such as outcome measures related work) that will eventually support the development of an RCT.

1. This award scheme is only available to study teams who:
 - Are working in the disease area of the themed call and undertaking work that could go on to support an RCT in that area.
 - Agree to work with the UK DCTN on future related studies.
 - Based in the UK and Ireland
2. Applications will only be considered on the correct form. Application forms are available on request from the UK DCTN Research Co-ordinator ukdctn@nottingham.ac.uk or via the UK DCTN website www.ukdctn.org.
3. **Maximum funding available per project is £10,000.**
4. Applications should include some aspect of working towards a clinical trial such a priority setting partnership, trial feasibility work, or qualitative work needed for a trial. Testing outcome measures for such a trial could be included if the case of need for such testing is made with a specific trial in mind, BUT diagnostic criteria validation or early work to develop outcome measures are out of remit.
5. Applications for laboratory-based research studies are **not** applicable and will not be considered.
6. Funds should primarily be used for the delivery and dissemination of research - it is NOT permissible to use the funds for registration costs towards a higher degree such as a Masters course or for other training.
7. Short-listing of applications is based on the following criteria:
 - clinical relevance
 - importance to NHS
 - likely interest from both the patient and medical communities
 - timeliness (avoiding duplication of effort)
 - feasibility
 - experience of research team
8. A final funding decision is made by the UK DCTN Steering Committee following presentation by short-listed study teams.
9. Awards are made for a maximum period of 2 years with 6 monthly progress reports and a final report being mandatory. Non-cost extensions will be considered on a case by case basis.
10. Successful study teams will be notified of any conditions of funding in their award letter.
11. Funding release is in two stages – 50% on award and 50% on completion of relevant activities.
12. Successful study teams must inform the UK DCTN of any deviations from their original project and should seek permission before proceeding with such changes.

Please get in touch with us if you would like further information at ukdctn@nottingham.ac.uk or 0115 8468621. Application forms are available on request or via the UK DCTN website www.ukdctn.org.
